Education

2017 – **B.E COMPUTER SCIENCE AND ENGINEERING**
2021 Dhanalakshmi Srinivasan College of Engineering and Technology, Chennai

Technical Skills

- Programming Languages**
 - Python, C, C++, Java, Go, PHP, JavaScript
- Web Development**
 - HTML, CSS, React.js, Vue.js, React Native, TailwindCSS, Vite, Node.js
- Cybersecurity**
 - Vulnerability Assessment & Penetration Testing (VAPT),
 - OWASP Testing, Bug Hunting, Automation
 - Web Application Security, Networking, CLI Tools Development
- IoT & Embedded**
 - Arduino, Raspberry Pi, Microcontrollers, Sensors, MQTT, Firebase, Automation Systems
- IT & AV Support**
 - Classroom support, audio systems, projector setups, AV troubleshooting, event support, hardware/software support
- Content Engineering**
 - Technical writing, content development for CSE/EEE/Mechanical domains, grammar and quality review, rephrasing, documentation
- Technical Documentation**
 - Security Reports
 - Vulnerability Reports
 - README Documentation
 - SOP Documentation
 - Technical Content Writing
 - Technical Review

About Me

Dedicated and multi-skilled B.E CSE professional with hands-on experience in Web Development, IoT, Cybersecurity, VAPT, Bug Hunting, IT & AV Support, and Technical Content Engineering. Seeking opportunities in any IT, engineering, security, or technical support role where I can apply my diverse skill set, contribute to innovative projects, and grow alongside the organisation.

Work Experience

2026
JULY–
PRESENT

SECURITY ANALYST INTERN

OASIS INFOBYTE

- Conducted network scanning and web vulnerability assessments using Nmap and Nikto; analyzed findings and documented remediation recommendations.
- Configured Linux firewall rules with UFW and automated security tasks using Bash scripting while maintaining technical documentation and GitHub project repositories.

2024–
PRESENT

AV SUPPORT ENGINEER

GREAT LAKES INSTITUTE OF MANAGEMENT, CHENNAI

- Provide classroom support for faculty and ensure smooth functioning of AV equipment.
- Prepare audio systems, microphones, projectors, and conferencing tools before sessions.
- Handle AV arrangements for events, seminars, and conferences.
- Troubleshoot hardware/software issues and ensure uninterrupted academic delivery.

2021 –
2023

ASSOCIATE CONTENT ENGINEER

SKILL-LYNC, CHENNAI

- Developed and reviewed technical content for CSE, EEE, and Mechanical engineering courses.
- Reviewed grammatical accuracy, technical depth, coding clarity, and conceptual correctness.
- Rephrased and enhanced modules, assignments, and course materials.
- Collaborated with engineering teams to ensure content meets industry standards.

2017 –
PRESENT

FREELANCE / INDEPENDENT SECURITY RESEARCHER

- Performed VAPT on web applications, APIs, and IoT systems.
- Reported valid vulnerabilities on HackerOne and Bugcrowd.
- Built automation tools and scripts to identify web security issues.
- Specialized in OWASP top 10, logical bugs, and recon tools.
